Subject: Security Services

To Whom It May Concern:

As citizens of the most powerful nation in the world, we have a fundamental right and expectation to feel safe within our community and places of business. And, while law enforcement exists to fulfill this important role and responsibility, it is not a work that they can do alone.

It is for this reason that I reach out to you today to provide a solution for the best outcome. Given the growing number of violent incidents that have occurred across this country, resulting in innocent loss of life. The greatest deterrent to such violence is a capable, ready, and trained security presence that can respond to any potential threat.

LIS Group has the skills and expertise to fill that gap. Let us be at the front line, so you don't have to!

Call us today for a free consultation to discuss your security needs, or visit us at www.levinsinvestigativeservices.com to book an on-site security assessment by a member of our specialized security team.

We are partners in this fight!

Best regards,

Eddie C. Levins
